NEWS NUGGETS.

The Dynamiters.

London, 13.—The Observer says, "If American law cannot reach the dynamiters it ought to be altered. A demand to this effect might fairly be addressed to their government at Washington as the main contention for the Alabama claims was that it is the duty of every government to enact such municipal law as will prevent injury to citizens of a friendly state."

London, 13.—A dispatch from Paris says: The belief in the existence of a group of foreign anarchists including Germans connected with dynamiters in England and Ireland is confirmed.

London, 14.—Discussing the recent arrests of suspected dynamiters, the Times says: Expectation is strong that these arrests will lead to important disclosures, which will throw light upon the recent explosions. We believe that one or two informers will be produced who will reveal the headquarters of the conspirators, whether in France or America. We are assured that the French authorities are on our side, and that the French police will prevent outrage. We have, however, no such assurance from America. We do not believe that the American police would connive at sending infernal machines across the Atlantic, but an open crusade is preached in America against England, and funds are collected there for it, and things which have been threatened have been done. The facts are well known to American police. They can act now if they choose; but in the present temper of the American people we should not hope much from them.

Paris, 13.—On learning of the arrest of Patrick Fitzgerald, invincibles of this city concluded that the papers found on the prisoners would not implicate any Irishmen in Paris. They say Daily is not an emissary of O'Donovan Rossa's dynamiters, and profess that they do not know him.

The Riot Inquest.

Cincinnati, 14.—Coroner Muse-off began an inquest on the victims of the late riot. He has selected thirteen, intending to let that examination cover the entire number. So far nothing has been elicited beyond the testimony for identification of the dead bodies. The coroner will not make a searching investigation, leaving that to be done by the special grand jury which began its duties this morning, after being charged by Judge Avery to make an inquiry into the late riot, the burning of the court house and charges of corruption, in connection with the jury that tried Wm. Berner. The testimony before the grand jury will be given privately, and all are sworn to secrecy.

Fire Record

Salem, N. J., 14.—Gaynor's glass works and two buildings of the Wm. Morris oil cloth works, burned last night. Two other buildings were damaged. Loss in the oil cloth works, \$75,000; insurance, \$50,000. Loss in the glass works, \$45,000. Several firemen were injured. About 100 men are thrown out of employment.

Gentlemen:—For years I have

been a great sufferer from Dyspepsia,

and could get no relief (having tried

everything which was recommended)

until, acting on the advice of a

friend, who had been benefited by

Brown's Iron Bitters, I tried a

bottle, with most surprising results.

Previous to taking Brown's Iron

Bitters, everything I ate distressed

me, and I suffered greatly from a

burning sensation in the stomach,

which was unbearable. Since taking

Brown's Iron Bitters, all my

troubles are at an end. Can extenuate

time without any disagreeable

results. I am, practically another

person. Mrs. W. J. FLYNN,

30 Maverick St., E. Boston.
